PLACEMENT REPORT

2023-24

»» FOREWORD

The Training and Placement Cell at Model Institute of Engineering and Technology is pleased to put forth the placement report for 2023-24. The placement outcomes during 2023-2024 represent the best-ever numbers with 320 offer letters being received by the graduating batch.

These outcomes reflect the intrinsic talent of the MIET students and the collective efforts of the faculty and placement teams to ensure that the best possible opportunities are created for the students. MIET has set high standards for value-based education and is preparing students for cutting-edge industry jobs by exposing them to advanced tools and technologies through its linkages with industry leaders such as Amazon, Bentley, Nvidia, Ui-path, Dell EMC, IBM, Huawei and Cisco.

Despite the slow down in the Industry, MIET adapted well to the new normal and conducted the entire process smoothly through virtual placement drives. This year around 127 employing organizations participated in the campus recruitment process with 15 first time recruiters.

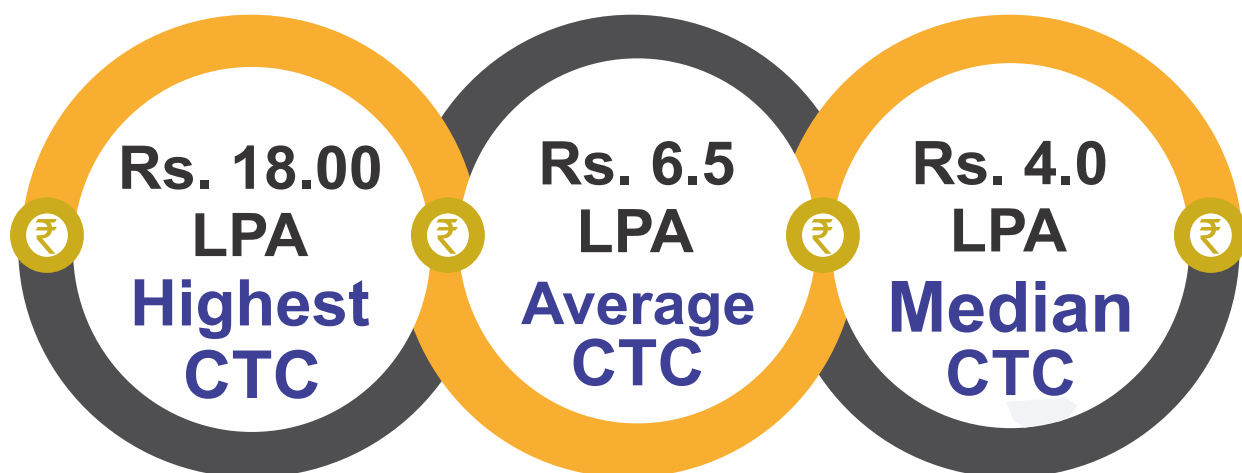

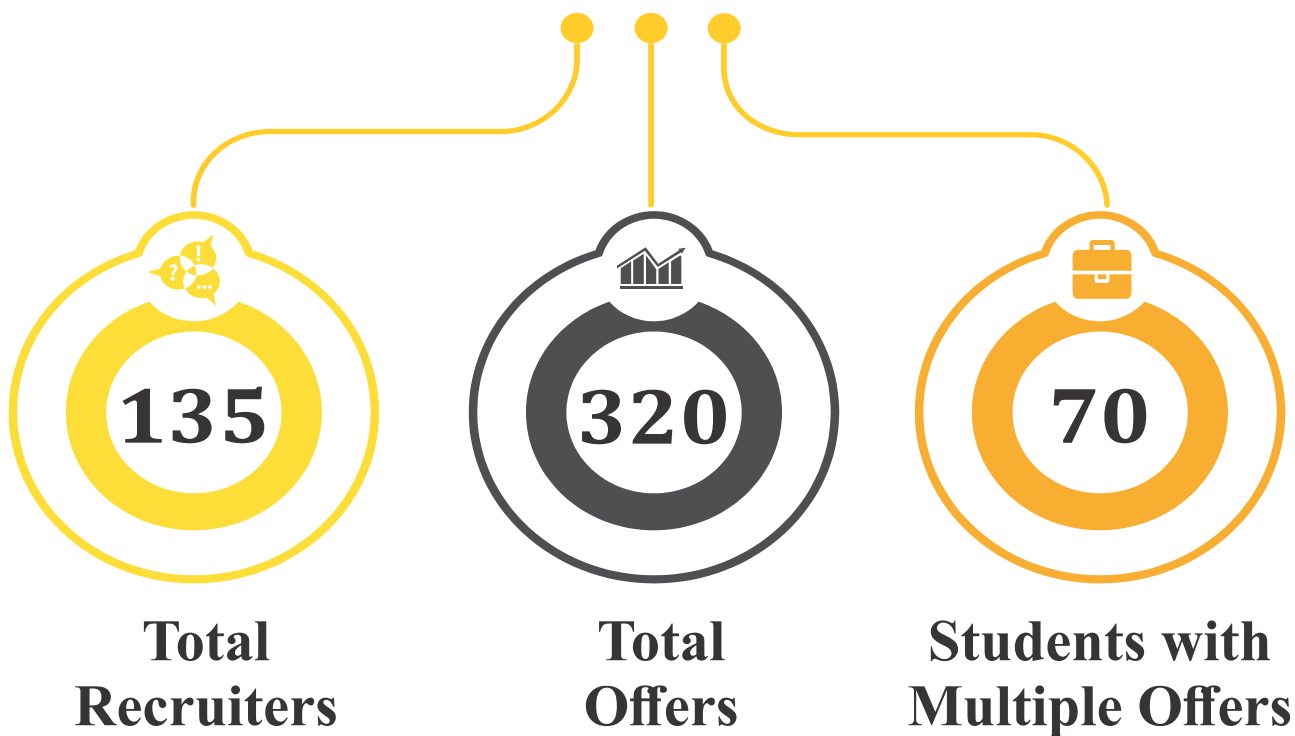

Our prominent recruiters included industry leaders such as Rubric, Vedanta Resources, Infineon Technologies, Hexaware Technologies, CodeYoung, H&R Global, ITC, Kaynes Technologies, IndusTower Limited, Jaro Education, Aditya Birla Group, Ditto Insurance, Mahindra Finance, Intellipaath Technologies, Paytm, Ingenia AI, Corover.AI, Google, Xenonstack, Tata Consultancy Services, Visvero, Indiamart, ICICI Bank, HDFC Bank, IDFC First Bank, Kotak Mahindra Bank, Stack Edutech, Planetspark, Keka Technologies among others including several startups.

We express our gratitude to the recruiting organizations and all stakeholders for an outstanding placement season and hope to cross the magic mark of 400 offer letters by the end of the semester.

Looking forward to an equally successful placement season in the next session.

Prof. Sahil Sawhney
General Manager, Strategic Initiatives
