STUDENT FEEDBACK ANALYSIS ON CURRICULUM (2022-23)

INTRODUCTION: The Internal Quality Assurance Cell (IQAC) is a vital part of the institution's quality assurance system and has continuously been working towards ensuring quality enhancement and sustenance. Collection and analysis of feedback from all the Student on quality-related institutional processes help to ensure the creation and enhancement of quality culture. It also provides valuable insights and guides us to serve our students. This report focuses on the analysis of the feedback of students on the curriculum.

DATA COLLECTION AND ANALYSIS: An effort was made to receive feedback from students of the CE department of the college. For this purpose, a feedback form was created and shared with them through Performance Insight-360 (PI-360), Quality Analytics Framework. A Total of 40 responses on curriculum were received from the faculty members. In order to arrive at comprehensive results, a useful statistical tool like percentage has been used. For the effective presentation of the data tables and graphs have been used.

FACULTY FEEDBACK ANALYSIS ON CURRICULUM (2022-23)

INTERNAL QUALITY ASSURANCE CELL

INTRODUCTION: The Internal Quality Assurance Cell (IQAC) is a vital part of the institution's quality assurance system and has continuously been working towards ensuring quality enhancement and sustenance. Collection and analysis of feedback from all the faculty on quality-related institutional processes help to ensure the creation and enhancement of quality culture. It also provides valuable insights and guides us to serve our faculty. This report focuses on the analysis of the feedback of faculty on the curriculum.

DATA COLLECTION AND ANALYSIS: An effort was made to receive feedback from all the faculty of the college. For this purpose, a feedback form was created and shared with them through Performance Insight-360 (PI-360), Quality Analytics Framework. A Total of 86 responses on curriculum were received from the faculty members. In order to arrive at comprehensive results, a useful statistical tool like percentage has been used. For the effective presentation of the data tables and graphs have been used.
